Remote Compression Adjusters

(patent no. D0515984)

Ride Eng. has created a product to make adjusting your suspension simple with no external tools required. Our new compression adjusters are extremely low profile and remain on your forks until fork disassembly is required. Imagine being able to pull over, turn your compression in or out for the track conditions, then continue on with your moto! Kit includes two adjusters, 8 set screws & an allen wrench for installation.
